Provides relative to the Louisiana Fur Public Education and Marketing Fund. (8/1/12)

Present law provides for the treasurer to transfer \$20 for each \$25 resident trapping license sold and \$145 for each \$150 nonresident license sold to the Louisiana Fur Public Education and Marketing Fund. Proposed law changes present law to provide for the treasurer to transfer \$20 for each resident trapping license sold and \$145 for each nonresident trapping license sold to the Louisiana Fur Public Education and Marketing Fund.

EXPENDITURE EXPLANATION

There is no anticipated direct material effect on governmental expenditures as a result of this measure.

REVENUE EXPLANATION

The proposed legislation provides that \$20 of each resident trapping license sold be deposited into the Louisiana Fur Public Education and Marketing Fund. This is current practice; therefore, there is no impact on revenues from this provision of the legislation.

Additionally, the proposed legislation makes technical corrections to current statutes regarding the cost of nonresident trapping licenses and provides that \$145 of each nonresident trapping license sold be deposited into the Louisiana Fur Public Education and Marketing Fund. Currently, the entire amount of \$200 from each nonresident trapping license sold is deposited into the Conservation Fund. This provision will reduce the amount deposited into the Conservation Fund to \$55 per license sold and increase funds to the Louisiana Fur Public Education and Marketing Fund to \$145 per license sold. In FY 11, \$5,200 was collected and deposited into the Conservation Fund. If the number of licenses sold remained constant under the proposed legislation, \$1,430 would be deposited into the Conservation Fund and \$3,770 would be deposited into the Louisiana Fur Public Education and Marketing Fund.
